

YOUNG[®]
SURGICAL

PHARMACEUTICALS
AT YOUR FINGERTIPS

Orders for pharmaceuticals and the applicable documentation are received, processed, fulfilled, and distributed by PuraGraft and/or Medical Purchasing Solutions, LLC.

Supplies You Trust. Care That Counts.

Putting patients first with every solution.

At Young® Surgical, our goal is to support you in providing the best care for your patients. Our collection of innovative products and essential pharmaceuticals is carefully designed to cater to the individual needs of every patient. We believe that your clinical expertise combined with our offerings can truly enhance the quality of patient care.

OUR MISSION

Young Surgical is dedicated to enhancing patient care through our comprehensive portfolio of products, industry-leading reliability, and a profound commitment to servicing our customers.

Our products aren't just valuable tools; they're a reflection of our dedication to making your job easier and more effective. We're not just providers — we're your partner—committed to providing unparalleled support, resources, and expertise in oral surgery.

VALUE

Our unwavering dedication to value ensures that you receive the products to transform patient experiences.

SOLUTIONS

Our offerings reflect our understanding of your need for **streamlined solutions and practical offerings.**

SUPPORT

Our focus is creating ease in ordering, speedy shipping and unparalleled support.

Your Single-Source Destination

Young Surgical is your one-stop shop, offering a diverse range of high-quality products to meet every requirement of dental and surgical professionals. With an extensive selection and commitment to excellence, we ensure that you have access to the best tools and supplies for optimal patient outcomes.

Explore all of our catalogs for a full spectrum of solutions for oral surgeons & implantologists

IV Catheters

TERUMO SURFLO IV CATHETERS

An ultra-sharp, double-bevel introducer needle plus a medical-grade lubricant allow for easier penetration and smoother travel through tissue. Preview chamber in clear sure-grip hub gives immediate indication of proper placement. Flexible catheter with large inner diameter assures good blood flow. All this plus safe, easy-to-handle, tamper-evident packaging.

Item #	Size	Color	Count

TERUMO SURFLASH IV CATHETERS

SurFlash® Polyurethane IV Catheters are ultra-sharp, double-bevel introducer needles with the benefit of visual confirmation of catheter placement during venipuncture.

- Made of polyurethane
- Extremely flexible, kink-resistant and durable
- Provides staff with higher certainty of catheter placement due to unique flashback feature

EXEL IV CATHETERS

- Does not contain natural rubber latex
- Easy dispenser pack
- Color-coded casing cap allows for easy identification of catheter size
- Translucent catheter hub and flashback chamber allow for easy detection of blood flashback at vein insertion
- Precision-finished FEP catheter assures stable flow and eliminates catheter tip kink during venipuncture
- Can be connected to syringe by removing filter cap to expose Luer taper end
- Use of hydrophobic membrane filter eliminates blood leakage
- Close and smooth contact between catheter tip and inner needle enables safe and smooth venipuncture
- Crimped smooth engagement between catheter and hub, without use of adhesive, helps eliminate blood residuals and helps reduce blood coagulation or hemolysis
- Functional design casing permitting one action opening and no rolling

Online Schedule II Ordering Made Easy

Embrace E222 for Efficient Drug Purchasing

Efficiency

- ✓ No line-item limit; list all items for a single order
- ✓ Reduce ordering errors
- ✓ Easy online ordering
- ✓ Same day E222 receipt for faster verification and shipment

Convenience

- ✓ Paperless and postage-free to save time and reduce cost
- ✓ Easy online management of stored digital certificate for your account and office locations

Security

- ✓ DSCSA-compliant record management
- ✓ CSOS-compliant ordering
- ✓ DEA license notification

Enrolling in E222

Step 1: Create your Young Surgical Online Account

Step 2: Enroll in the DEA's CSOS Program

Step 3: Obtain CSOS Digital Signing Certificate

Step 4: Upload Your Certificate to Young Surgical

Once completed, you are ready to shop, place and sign your online Schedule II orders.

Traditional Form 222

- ✓ Reference our example located on youngsurgicalsolutions.com
- ✓ Once verified, make a copy of the original form and retain the copy for your records. The copy you retain may be in paper or electronic form.
- ✓ Mail the original to us at the verified address. **DO NOT** write on the envelope after inserting the form. It will void the form and lead to rejection.

Visit us at www.youngsurgicalsolutions.com/express-222 for more information

CodeBlue Monitoring System™

The premium monitoring service for your expiring emergency medications.

Automated Notifications

Receive notifications by fax, email, or both, letting you know it's time to order replacements

Online Reports

Our reports feature list all your emergency drugs and their expiration dates in one convenient, printable list

Automatic Updates

We automatically update the expiration dates as soon as your drugs are shipped. No need to manage the list manually

Multiple Kits/Individual Meds

Need more than one kit and/or have individual medications to be monitored? Not a problem, we've got you covered!

Save Time & Money

Our program saves you time & money since we know exactly what you need and when & where you need them delivered

Quick & Easy Setup

It takes only minutes to set up by fax, phone, or email. Remain current and have a back-up to watch for expiring medications

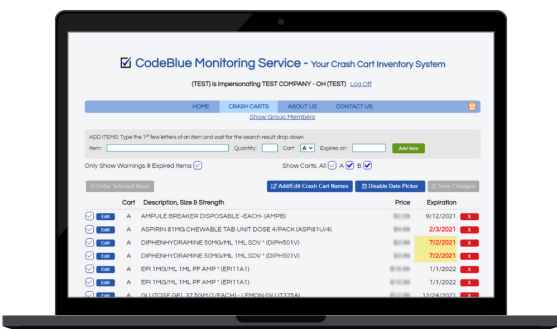

Full Control

We keep your list up-to-date, but you still have the ability to add, delete and change dates with a click of a button or tap on a screen

24 Hour Online Access

Fast and easy access to your emergency medications at codebluemed.com

Don't Get Caught with Expired Drugs!

- Save time and money and keep your facilities in compliance with local laws.
- Filter list by Cart
- Print kit contents for easy inventory
- Monthly expiration reminders
- Bi-Annual inventory reviews
- Automatic updates when replacing items through Young Surgical

Patient Safety Starts With Proper Drug Disposal

Don't overlook expired medications.

Managing medication stocks, including the identification and disposal of expired drugs, is crucial to your practice and patient safety. We understand the challenges you face in maintaining a comprehensive medication inventory amidst the demands of daily practice. To help you maintain compliance and ensure the safe disposal of expired medications, we offer a simple and convenient solution:

Step 1
Purchase a designated disposal envelope

Step 2
Complete the enclosed Emergency Kit Destruction form

Step 3
Mail using the pre-paid and pre-addressed envelope

Our Introductory, Flat Rate

**\$19.99^{*} +
SAVE 10%**

on any medication added to your disposal envelope order.**

* includes easy-to-use, pre-addressed and postage paid envelope.

**Some exclusions may apply.

Your Reliable Partner at Every Step

Our team is here to support you every step of the way, making medication management easier and more secure. Connect with us today for any questions you may have.
